Dear Sir or Madam:

The Issue Fee and Publication fee were paid for this application on December 16, 2005. (See accompanying statement for Deposit Account 502931.) After that, the application was withdrawn from issue and went through an RCE process, and has received a new Notice of Allowance. Again, the Issue Fee and Publication Fee have already been paid. Please process this issue-procedure submission accordingly.

A personal comment: The USPTO's 2006 revised form PTOL85b is confusing for both applicants and the Patent Office, in cases such as the present one. When the Issue Fee has already been paid, the "AMOUNT DUE" should read \$0 – not \$700. It should not be up to the applicant to request a previously paid \$700 be applied toward a due \$700 – it should be done automatically. We just went through a similar experience with another application (09/816,603), and it was a nuisance to correct the error, when the \$700 issue fee that had already been paid was charged again; we did get a refund – but it should not be so confusing. The USPTO should revise its procedure, and list \$0 as being due, when the fee has previously been paid.

If the Applicant's attorney can be of assistance in answering any questions on this matter, please telephone him at (952) 278-3501.

Please charge any additional required fees, or credit any overpayment, to Deposit Account 502931.

Respectfully submitted,
MARK L. JENSON et al.
